

**Health Research Society of Canterbury (HRSC)  
Annual General Meeting 2018**

**Thursday April 26<sup>th</sup>, 4.30-5.30pm  
Beaven Lecture Theatre,  
Level 7, University of Otago, Christchurch.**

Come and join us for the Health Research Society of Canterbury's Annual General Meeting for 2018. The meeting will include a brief AGM and a short presentation by a guest speaker. This will be followed by general discussion and light refreshments.

The Health Research Society of Canterbury (HRSC) aims to support and promote health research in the Canterbury Region. Our objectives are to: 1) provide young researchers with opportunities for academic and career development, 2) promote a collegial and collaborative environment among the health researchers of Canterbury, and 3) provide an open forum for discussion between health researchers and the public in Canterbury.

Membership is open to all people either involved in, or simply interested in, health research. The annual fee of NZ\$10 is payable by direct deposit (see website for details) or by credit card/cheque to the Treasurer. Renewing your membership is a great way to show your support for health research in Canterbury. Your subscription contributes to student prizes, organization of meetings, and ensures that you are advised of upcoming events.

For more information about the HRSC, see our website [www.hrsc.org.nz](http://www.hrsc.org.nz)
